Session 5– Wrap Up

Reflect on your One2One encounters

Spend a few minutes reflecting on what you've learned. What are the strongest impressions you take with you from these meetings about your partner and their life story? About the realities of Jewish life in another society? About the "big ideas" you discussed, including:

- "Jewish Peoplehood": a sense of belonging to the Jewish people and connections between Jews around the world
- Diversity of Jewish experience
- Jewish life as a minority or majority
- Education, arts and culture and ritual as pillars of Jewish life
- Mutual Responsibility 'Arvut Hadadit'

Session 5– Wrap Up

Share your experience and "spread the word"

Help your partner practice how they might present your One2One experience to their family, their community and to their peers.

Capturing the connection

Choose a creative way to capture the connection you've made, for example take a screenshot and add a caption and/or record a short (60 second) video describing your encounters or introducing each other.

Please upload the picture or video to upload.one2one.org.il

Session 5– Wrap Up

Saying goodbye

You've reached the conclusion of the series!

Say goodbye with gratitude.

Offer a blessing or a wish to your partner about the future, for them and their community.

THANK YOU FOR PARTICIPATING IN ONE2ONE!
